PK 5.3 Quality Policy

The top management of CHEIRÓN a.s. adopts and commits to this Quality Policy as the fundamental framework for quality management and the development of the company in the field of medical devices.

CHEIRÓN a.s. focuses on the **manufacturing, import, distribution, and servicing of safe, certified, and unique medical devices** from reputable manufacturers, as well as on the provision of professional consultancy and related services. Our goal is to be a trustworthy partner for healthcare institutions and professionals.

Principles of the Quality Policy:

- **Safety and Quality:** We ensure that all medical devices supplied by us comply with the requirements of applicable legislation, including the MDR Regulation and the standard ČSN EN ISO 13485:2016 ed. 2.
- **Expertise and Education:** We support **continuous education and professional development of all employees** to enable them to provide qualified information and services to customers.
- **Customer Focus:** We listen to customer needs and respond flexibly to their expectations in order to build long-term and trustworthy relationships.
- **Service Excellence:** We provide **fast, professional, and reliable servicing** of the medical devices we supply.
- **Improvement of the Quality Management System:** We continuously improve our quality management system and ensure its effective operation in accordance with applicable standards and regulations.
- **Communication and Engagement:** We actively communicate quality objectives and support **the personal engagement of all employees** in achieving them.

This policy is binding for all company employees and is regularly reviewed and updated in line with the company's development and market requirements.

Pilsen 12.1.2026

Ing. Jindřich Petřík, MBA
Managing Director
